

subset of C language:

1. can include header
2. can define identification
3. argv argc
4. type :
  01. array
  02. pointer
  03. reference
  04. int
  05. float
  06. char
  07. void
  08. double
  09. long
  10. long long
  11. short
  12. unsigned
  13. signed
5. if-then
6. if-then-else
7. while-loop
8. for-loop
9. 5~8 可多層並且交錯，以及支援所有判斷式(|| && 或是比較...等等)
10. scanf function
11. printf function
12. malloc sizeof
13. free
14. switch-case
15. "return" number
